- C. Grading: If the grades or lines of any street within the City Right of Way are changed at any time during the term of the Permit and this change involves an area in which the Utility's Facilities are located, then the Utility shall, at its own cost and expense and upon the request of the City upon at least 10 business days notice, protect or promptly alter or relocate the Facilities, or any part thereof, so as to conform with such new grades or lines. The Facilities shall be so located and installed as to cause minimum interference with the rights and convenience of property owners.

#### **ARTICLE VI. – RESTORATION OF PROPERTY**

A Utility shall be liable, at its own cost and expense, to replace or repair, any Street, Facilities or property or structure thereon, thereunder or thereover or adjacent thereto that may become disturbed or damaged as a result of the Construction or installation, operation, upgrade, repair or removal of Facilities to a condition as good as or better than its condition before the work performed by the that caused such disturbance or damage. - B. Attempted to evade any provision or requirement of this Chapter;
- C. Practiced any fraud or deceit upon City; or
- D. Made a material misrepresentation of fact in its Application for Registration.

2. If a Utility fails to cure a default within twenty (20) Working Days after such notice is provided to the Utility by the City, then such default shall be a material breach and City may exercise any remedies or rights it has at law or in equity to terminate the Approval of Registration. If the City Manager decides there is cause or reason to terminate, the following procedure shall be followed:

- A. City shall serve a Utility with a written notice of the reason or cause for proposed termination and shall allow a Utility a minimum of fifteen (15) calendar days to cure its breach.
